ISO 9001-2008 Company

Oilmill Machinery

Oil Mill Machinery manufacture by our company Mitsun Engg. Our company is pioneer manufacturers of Oil Mill Machinery. Oil Mill Machinery is the Main Product of Mitsun Engineering. We are pleased to introduce ourselves as the most Preferred Manufacturer and Supplier of Oil Mill Machinery. We are also one of the leading exporters of Oil Mill Machinery from India.

Oil Expellers are manufactured with consideration of:

All bodies, gear boxes and bearing housings are made of high grade cast iron and cast

- Two chamber design - pre pressing & full pressing in singlestage crushing for better oil recovery & profitable operation
- Heavy duty cylindrical roller, thrust, taper roller and ball bearing are used.
- All the parts have male and female seating to get the perfect alignment.
- All shaftings are made from EN Alloy steel which means no wear and tear, no twisting.
- High yield at low cost.
- Easy smooth operation with less power consumption compared to other expellers.
- Steam jacket is made from tested quality plates toughhold the steams and is provided with
- Long and horizontal types.
- All gears are manufactured from carbon steel and are hardened to the require degree.
- They Machined to fine tolerances for proper meshing of the gears.
- Easy replacement of spare parts.
- Best desirable results in cake & smell.
- Available in various sizes for various needs.
- Technologically advanced infrastructuret

Model	Chamber Size	H.P. Req.	Crushing Capacity / 24 Hours			RPM of Main Shaft
			Cotton Seed in Tons	Ground Nut in Tons	Sun Flower in Tons	
MIT-30	6 1/2" X 22 1/2" 5" X 22 1/2"	30	07 To 08	08 To 09	07 To 08	18 TO 20
MIT-50	8" X 22 1/2" 6" X 26"	50	10 To 12	12 To 14	10 To 12	18 TO 20
MIT-75	9 1/2" X 22 1/2" 7" X 26"	75	18 To 20	22 To 24	18 To 22	18 TO 20
MIT-100	10 1/2" X 22 1/2" 8" X 26"	100	28 To 30	30 To 32	28 To 30	18 TO 20

Technical Data of Filter Presses					
Size	Weight of Filter Press	Filtration Area	Capacity in Liters	HP	Pump
36" x 36" x 36 36 Plates	8000	30	40000	7.5	Centrifugal
30" x 30" x 30 30 Plates	4500	18	25000	5	Centrifugal
24" x 24" x 24 24 Plates	2,450	10	10000	3	Centrifugal
Technical Data of Plate & Frame Filter Presses					
36" x 36" x 36 36 Plates x 35 Frames	9800	30	40,000	10	Centrifugal
30" x 30" x 30 30 Plates x 29 Frames	5,600	18	25,000	7.5	Centrifugal
24" x 24" x 24 24 Plates x 23 Frames	3,100	10	10000	5	Centrifugal
